

## METAL INDUSTRY DIVISION

---

### ALUMINIUM

ALCOAT 5C	- Clear chromate conversion coating
ALCOAT 7	- Green chromate conversion coating
ALCOAT GC	- Gold chromate conversion coating
ALCOAT LGC2	- Liquid gold chromate conversion coating
ALETCH 160L	- Long life caustic etchant additive
ALETCH 45	- Liquid caustic etchant
ALETCH 90	- Powdered caustic etchant
ALETCH AC	- Acid etch cleaner
ALKLEEN 123	- Low foam acidic etch degreaser
ALKLEEN 23	- Non-caustic alkaline degreaser
ALKLEEN 26	- Alkaline etch degreaser
ALKLEEN AC	- Acidic etch degreaser
ALUBLACK	- Organic black dyestuff for anodised Al
ALUBRITE	- Chemical polishing for bright finish
ALUCOAT 103	- Non-chromate conversion coating
CS ADDITIVE	- Additive for cold sealing bath
CS MAIN	- Cold sealing for anodised aluminum
DESMUT 2S	- Additive for acid desmutting
DESMUT 5N	- Desmutter and deoxidiser
ECSP	- Tin stabiliser for electrolytic colouring
WARM SEAL	- Medium temperature sealing of anodised Al

### DEBURRING

BUFSOL 3A	- Deburring of die cast material
DEBURR GM	- Deburring chemical all metals
DEBURR PRS (E)	- Acidic deburring gel
DEBURR SMN	- Deburring of stainless steel
DEBURR SMN A16	- Acidic deburring chemical
GB3	- Deburring of die cast material
R1	- Rust preventive for ferrous metals
S9	- Deburring chemical for all metals

## METAL INDUSTRY DIVISION

---

### FERROUS METAL

COS COTE	- Solvent based phosphate coat chemical
CRP	- Passivating rinse
DERUST 3	- Degreaser, deruster & phosphatising of steel
DERUST 98	- Rust remover with inhibitor
FEKLEEN 10	- Low foam alkaline degreaser for spray process
FEKLEEN 15	- Low foam alkaline degreasee for soak process
FEKLEEN 18	- Liquid alkaline degreaser for steel
FEKLEEN 18LF	- low foam liquid alkaline degrease for steel
FEKLEEN LF	- Wetting and degreasing additive for phosphating process
FEKLEEN SLF	- Ultra low foam additive for phosphating process
FEP 100	- Iron phosphating chemical
FEP 101	- Phosphating chemical for Aluminum and alloys
MNP 300	- Manganese phosphating chemical
NCP	- Non-chromate passivating rinse
PHOS HZ	- Heavy zinc phosphating
PHOS RT	- Room temperature zinc phosphating
PHOS RT2	- Low sludge room temperature zinc phosphating
PHOS Z201	- Low temperature zinc phosphating
PHOS ZNCA	- Zinc calcium phosphate
Z ACCELERATOR	- Accelerator for room temperature zinc phosphate
Z CONDITIONER	- Acidic conditioner for zinc phosphate

### OTHERS

AC-HIB	- Inhibitor for Hydrochloric acid
APS	- Alkaline paint stripper
COIL CLEAN G	- Air-con coil cleaner
COPPER BRIGHTENER	- Copper & brass brightener
FEBLACK	- Blackening chemical for iron & steel
MULTICLEAN V	- Multi-purpose alkaline degreaser
OSD	- Oil spill dispersant
PAINT FLOC	- Paint defloculator for spray booth
PAINT OFF	- Solvent paint remover
PAINT RIP	- Brush-on solvent paint remover
PC 100	- Cleaner for PVF2 Al panel
RP OIL	- Rust preventive oil
RUST CONVERTOR	- Rust convertor, self priming
RUST INHIBITOR	- Water soluble rust preventive
SS PICKLING GEL	- Pickling of stainless steel welds
TM44	- Alkaline degreaser for steel & zinc
Z ETCH	- Acidic etch for chromate conversion of zinc
ZCC-M	- Chromate conversion coating for zinc
